

Date: _____ Project Name: _____

- Adjustable Sound and Speed
- Universal Voltage
- Antimicrobial-Infused Air Delivery System
- 3x Faster than Conventional Hand Dryers
- Dries Hands in 10+ Seconds

- GreenSpec Listed, LEED Credit
- Uses 80% less energy
- 5 Year Limited Warranty

OPTIONS: add suffix:
 -R for recess kit. Reduces the depth of the dryer to less than 4 inches

RECOMMENDED MOUNTING HEIGHTS

	Men	Women	Children	Handicapped
hand dryer	44" (112cm)	42" (107cm)	32-42" (81-107cm)	36" (91cm)

DIMENSIONS

	Width	Height	Depth	Net Weight
Surface-Mounted	10-1/8" (25.7cm)	9-3/8" (23.8cm)	5-5/8" (14.3cm)	10 lbs. (5kg)

MODEL REFERENCE CHART

Model				Electrical Ratings		
ABS White	Steel White	Steel Chrome	Stainless Steel	Volts	Watts	Hertz
GXT9	GXT9-M	GXT9-C	GXT9-SS	100-240	1500	50/60
EXT7	EXT7-M	EXT7-C	EXT7-SS	100-240	540	50/60

Specifications

Drying Time	10 + Seconds
Air Velocity	16,000 - 10,000 LFM
Air Temp	GXT - 135° F at 72°F Ambient EXT - 85° F
Sound Level	83-69 dB
Warranty	5 - year limited 1 - year limited export

Surface Mount

Recessed Mount

Overview:

The **EXTREMEAIR** high performance hand dryers are 3 times faster than a conventional hand dryer. New standard features include: adjustable sound and speed, universal voltage and an antimicrobial-infused air delivery system. The stylish compact design saves 98% versus paper towel and provides great performance while consuming 80% less electricity. The patented design will provide many years of trouble-free service. Recess kits are available for all **EXTREMEAIR** models reducing the dryers depth to less than 4 inches.

Construction Features:

Adjustable sound and speed - New patent pending technology allows the hand dryer to be adjusted to your preference - providing the perfect balance of speed, energy efficiency and sound. It's ideal for sports stadiums, schools or a quiet library.

Universal voltage - The **EXTREMEAIR** can be connected to any voltage from 100 to 240 VAC - and 50/60 Hz

Antimicrobial infused air delivery system - Better hygiene - while all of our dryers eliminate paper towel mess, the **EXTREMEAIR** goes one step further with antimicrobial-infused air surfaces.

Cover - Heavy duty one-piece cover options include

- Flame retardant white ABS
- Steel with white epoxy finish (M)
- Steel with satin chrome finish (C)
- Stainless steel with #4 brush finish (SS)

Motor - New motor lasts up to 25% longer and is quieter. Produces 5/8 HP. Operates between 14,000 and 28,000 RPM. Automatic resetting thermal protector.

Automatic sensor - Ultra energy-efficient microprocessor-controlled sensor turns dryer on when hands are under outlet for up to 35 seconds. Standby power is only one watt. RoHS compliant lead-free design. Adjustment pot allows for sound and speed reduction.

Heating element (GXT series only) - Constructed of NiChrome resistance wire with automatic resetting thermostat. Heating element operates in the black range for maximum life. Heating element is enclosed within blower housing and therefore, inaccessible to vandals.

Tamper Resistant - Two tamper resistant screws secure cover to steel base. Blower air intake is shielded for additional safety.

EXTREMEAIR Hand Dryers shall be Model _____ (insert model number) of Gamco Commercial Restroom Accessories, A Division of Bobrick, One Gamco Place, Durant, OK
