

Date:

Project Name:

**TW-7F** with 2" (51mm) skirt for semi-recessing  
**TW-7FS** with 6" (152mm) skirt for surface mounting

**CONSTRUCTION:**

Fabricated of type 304 heavy gauge stainless steel. All welded construction with exposed surfaces having a #4 satin-finish. One piece seamless 18-gauge (1.2mm) door hung on continuous stainless steel piano hinge, and fitted with two tumbler locks. Waste door is self closing with international symbol. All welded construction. 600 C-fold, 800 Multi-fold, or 1100 Single-fold towels without use of adapters. Waste receptacle is 24-gauge (0.6mm), 10-gallon (38-L) capacity.

**OVERALL DIMENSIONS:**

14" W x 74" H x 6" D (356 x 1880 x 152mm)

**INSTALLATION:**

Provide framed wall opening. Recessed depth required from finish face of wall is 5-1/2" (140mm) deep. Check plans and coordinate with mechanical engineers to avoid protrusion from opposite wall, pipes, conduits, electrical wires, etc. If installing in plaster wall, recommend grounding. If installing where unit projects above top of wainscot, provide filler to prevent gap from finished wall and flange of unit. If installing in block walls, use metal expansion shields.

**ADA GUIDE:**

Access to paper towels should be 15" to 48" (381 to 1219mm) above the finish floor to allow forward and side reach by people in wheelchairs. Hinged panels covering waste receptacle openings should not require more than 5 pounds of force to open. Units should not project more than 4" (102mm) from the wall.

**Recessed Coverall Towel Dispenser and Waste Receptacle Combination shall be Model TW-7 of GAMCO Commercial Restroom Accessories, A Division of Bobrick, One Gamco Place, Durant, OK**
